

## SILICONE SEALANTS

### PLUMBERS MATE 100% silicone

Is a one part high modulus fast cure, long skintime  
**Neutral silicone** sealant.

For sealing and weather proofing all building,  
glazing, roofing, rainwater & cladding joints.

Recommended for use with Zinalume, Galvabond,  
Colourbond and Marviplate.

Available in Translucent & Light Grey.

300g Tube

### SILGLAZE N SCS2500

#### HIGH PERFORMANCE GLAZING SILICONE

Is a one part low modulus, fast cure neutral cure.

For sealing & weather proofing all building, glazing  
roofing, rainwater & cladding joints, recommended

for use with Zinalume, Galvabond, Colourbond &  
Marviplate. Adheres to glass, aluminium, ceramics,  
masonry, concrete, stone, most metals & plastics.

Available in Trans, White & Black

300g Tube

### CONTRACTORS Glazing Silicone Glazing /Bathroom

Contractors is a one part  
high modulus, fast cure  
**acetic Cure** silicone sealant.

For glazing, sealing, water-  
proofing. Adheres to glass,  
ceramic, aluminium, most painted  
surfaces, most plastics.

#### Acetic Cure

Available in Translucent & White

300g Tube

### SILIGLAZE N-10 SCS2700

Is a one part high modulus fast cure, long skintime.

#### Neutral silicone sealant.

For sealing and weather proofing all building, glazing  
roofing, rainwater & cladding joints.

Recommended for use with Zinalume, Galvabond  
Colourbond and Marviplate.

Available in White, Black, Brown,  
Alum/Silver & Clear.

300g Tube

### SANITARY SCS2600

#### Sanitary Grade Silicone

Is a one part high modulus  
fast cure and long skin time  
Neutral sanitary silicone sealant.

It resists mildew even when  
exposed to prolonged hot and  
humid environments.

Available in White & Trans

300g Tube

### V-60

Is a one component, non-flowing, neutral cure,  
High modulus silicone sealant. V60 is a premium  
grade glazing silicone sealant. It has superior  
adhesion to painted and anodised aluminium,  
as well as glass. Its high service temperature makes  
it suitable for use in many industrial and automotive  
applications.

Available in White & Black

300g Tube

## SILICONE SEALANTS

### ULTRA CLEAR Water-based sealant

Safe on Polycarbonate

Multipurpose

Water-based, easy wash-up  
Guns white dries clear  
Adheres to polycarbonate,  
fibreglass, glass, cement sheet  
wood, metal, brick, masonry.

### ULTRAGRIP (NONAILS) CONSTRUCTION ADHESIVE

High Strength Mastic Adhesive  
For bonding timber, metal cementitious  
and plaster sheets to timber and metal studs.  
For bonding plywood and particle board sheets to  
floor joists. Construction Adhesive is a versatile  
mastic adhesive that has a degree of flexibility,  
is water proof and paintable.

290g Tube

### GAP FILLER

Gap Filler is a high quality acrylic sealant  
for sealing cracks and joints in timber and  
plaster around doors.  
Excellent Flexibility  
Excellent Paintability  
Easy Water Clean-up  
Excellent Adhesion To  
Most Building Substrates

Available in white

### COOLROOM MASTIC

Aftek Panel Mastic is a non skinning mastic  
designed for sealing joints in insulating panels  
and elements of cold store construction.  
It is permanently flexible and non skinning to  
accommodate thermal expansion and contraction.  
It is suitable for sealing between metals, masonry,  
polystyrene and most common building materials,  
providing a dust proof, waterproof seal.

290g Tube

### GENEX GENERAL PURPOSE SILICONE

Is a one part **Neutral cure** Silicone Sealant.  
For sealing and weather proofing all building  
Glazing, roofing, rainwater and cladding joints.  
It is recommended for use with Zincalume®,  
Galvabond®, Colorbond® and Marvplate®.  
Adheres to glass, Aluminium, ceramics,

Masonry, concrete, stone, mostmetals and  
most painted and plastic surfaces.

Available in Translucent & Light Grey.

300g Tube

### POLYURETHANE BASED PRODUCTS

Seal-Flex is a high quality single component polyurethane sealant.  
For use in automotive, marine and aerospace applications where  
a tough flexible rubber sealant/adhesive is required.

**Polyurethane Based Sealant**  
**Permanently Elastic After Cure**  
**Can Be Sanded**

**Adheres To A Wide Range**  
**of Substrates and is Paintable**

Available in Black or White

SEAL-FLEX 310ML CART

## SEALANTS - POLYURETHANE ADHESIVES

### Sikaflex® - PRO Polyurethane Sealant

One part sealant with excellent flexibility,  
Excellent adhesion on all cement based materials,  
Brick, ceramics, polyurethane, epoxy,  
Most metals and most timbers.

Available in White, Black & Grey  
310ml Tube

### Sikaflex® - 11FC Polyurethane Adhesive/Sealant

Moisture curing adhesive/sealant for construction,  
Excellent adhesion on all cement based materials,  
Brick, ceramics, metals, woods, polyurethanes,  
Epoxies and some polyesters.

Available in White, Black & Grey  
310ml Tube

### Sikaflex® - 221 Industrial Adhesive/Sealant

Polyurethane industrial adhesive/sealant  
with excellent adhesion to many substrates.

Available in Black  
310ml Tube

### Sikaflex® - 252 Industrial Adhesive/Sealant

High strength polyurethane industrial  
adhesive/sealant, bonds joints subject to  
a high degree of mechanical stress.

Available in White  
300ml Tube

### Sikaflex® - PRIMER 210T/35

Clear epoxy adhesion promoter when  
using Sikaflex® polyurethane adhesives and  
sealants to bond galvanized steel and  
aluminium.

### Sikaflex® - 212 FC Universal Sealant

Suitable for most sealing applications  
in industrial commercial vehicle building.  
The product possesses excellent sealant  
properties and bonds well to most of the  
materials commonly used in the commercial  
vehicle industry, metals, plastics, wood and  
glass. Sikaflex® 212FC bonds tp itself. And  
in its fully cured state can be lightly sanded  
and over painted.

Available in White  
310ml Tube

### Sikaflex® - SAUSAGES 600ml

- Sikaflex® - PRO GREY
- Sikaflex® - PRO WHITE
- Sikaflex® - 212 WHITE
- Sikaflex® - 252 WHITE

## SILICONE CAULKING GUNS

SVENIC - MADE IN ENGLAND

### HEAVY DUTY PRO-CAULKING GUN

Strong, lightweight, metal construction, ensures reliability. Comfortable operation due to smooth, effortless action, contoured trigger and balanced design. Hanging hook enhances safety and user convenience by allowing the applicator to be hung from the ladder, gutter, belt, etc. Pressure release automatically prevents applicator from contributing to material 'flow on'.

**CODE: PRO GUN (616SAE)**

### HV FRAME TYPE CAULKING GUN

Top of the range, professional quality applicators. Thick patented catchplate, hardened push rod and robust construction ensure reliability and increased working life. Easily dispense any hard or difficult sealants, caulks and adhesives, due to their high mechanical advantage. Operator efficiency is enhanced by the effortless trigger action which allows for smooth full strokes.

**CODE: HVFRAME (620SAE)**

### BARREL TYPE CAULKING GUN

37cm standard barrel length  
Manual barrel applicator. Suitable for dispensing cartridges and sachets. Easily dispenses any hard or difficult sealants, caulks and adhesives, due to its high mechanical advantage. Balanced design and profiled hand grip provide for comfortable use by all hand sizes. Wearing parts are replaceable. Plastic plunger gives a clean sweep within the drawn barrel thus preventing the satchet gathering behind the plunger during operation. Dispenses 600 ml sachets or 300 ml cartridges

**CODE: BARRELGUN600 (676SAE)**

### PNEUMATIC APPLICATOR - AIR SILICONE CARTRIDGE GUN

Dispenses small rigid cartridges only, 215mm and 250mm cartridges. Strong trigger made of lightweight engineering plastic contoured for comfort. Pressure regulator secured below trigger handle, providing zero to maximum pressure control. A silencer fitted to the quick exhaust valve provides quiet operation. 50mm diameter aluminium barrel.

**CODE: 712SAE**

### REDBACK SILICONE CLEAN UP

Silicone Clean Up is specially formulated to remove uncured silicone from laminates, porcelain, metal roofing and gutters. Save hours in clean up time and leave a cleaner, more professional finish. Supplied in a 500ml container.

**CODE: RED404**
