THREAD SETTER KIT

Metric Part No 8731

Contains Setting tool, mandrels & nosepieces

Includes 10 of :

- 3mm Alum rivet nuts
- 4mm Alum rivet nuts
- 5mm Alum rivet nuts
- 6mm Alum rivet nuts

RIVET TOOLS

HP-2 Part number 0800030

The complete hand riveter, supplied with four nosepieces to set 3/32", 1/8", 5/32" 3/16" aluminium and steel rivets.

A quality tool with professional reliability.

TT55D

A heavy duty plier type tool suitable for low volume production. Ideal for fastening applications in the field.

Will set up to 3.2mm Nickel/copper and 4mm steel.

SR1 TRADESMAN'S RIVET TOOL

Sturdy steel construction for longer life

Design allows access into confined spaces

Suitable for light duty field work.

Sets from 3/32" to 5/32" rivets in all materials and 3/16" in aluminium only.

HR-200 LOBSTER RIVET TOOL

Floating jawcase mechanism

For professional and home use

Built in damper reduces weight of shock

Sets rivets from 3/32" to 5/32" in all materials.

Made in Japan

ALL PRICES ARE GST EXCLUSIVE. A 10% GST APPLIES

RIVET TOOLS

FLIPPER - Made in Germany

Unique Ratchet design requires 40% less force than conventional hand tools. Smart lever design, the force gradually increases as the hands close.

Spent mandrel container retains stems.

Sets rivets up to 3/16" Alum and 4mm stainless steel

HR-702

Quality steel-forged hand riveter with powder-coated surface, the important parts made by the special steel and heat treatment, offer a long life.

Sets alum rivets up to 4.8mm

up to 4.0mm all other materials.

HR-706 HEAVY DUTY RIVETER

High-Grade Aluminium Die-Cast with Carbon Steel Forged and heat-treated Handle.

Rivet setting capacity : up to 4.8mm (3/16") for all materials.

HR-730

LEVER TOOL LONG ARM RIVETER

Designed for industrial use, lever design reduces physical strength for all rivet sizes.

Rivet setting capacity 3.2, 4.0, 4.8 & 6.4mm all materials.

HR-710

LAZY TONG HAND RIVETER

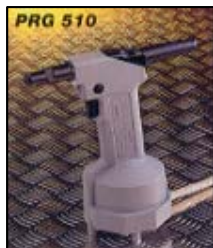

Designed for industrial use, Slim design for hard to reach riveting application.

Lattice Levering system reduces operator's fatigue.

Rivet setting capacity 3.2, 4.0, 4.8 & 6.4mm all materials.

ALL PRICES ARE GST EXCLUSIVE. A 10% GST APPLIES

PNEUMATIC AIR RIVETERS

PRG510A MADE IN THE USA

All pneumatic self-contained high production tool. Features a low number of parts for trouble free operation and easy maintenance. Ideal on production lines, where hand operated tools are not fast enough during peak periods.

Will set 1/8" Nickel/Copper and Stainless Steel rivets, 5/32" Alum and Steel rivets and 3/16" All Aluminium rivets.

PRG540 MADE IN THE USA

Designed to set all rivets. Even though the air/hydraulic intensifier is inbuilt into the tool, it is extremely light due to the high tensile aluminium construction. An all purpose production tool for the continuous setting of particularly the larger diameter rivets.

Set for 1/4" rivets, 1/8" to 3/16" Conversion Kit included.

SRC-55

Lightweight and Powerful Pneumatic Tool

Rivet setting capacity:

Up to 4.8mm (3/16") for all materials and

6.4mm (1/4") for aluminium.

Suitable for the production line using

3.2mm (1/8") and 4.0mm (5/32") in large quantities.

SRC-56

Heavy Duty Pneumatic Tool Lightweight and Powerful design for installing Blind Rivets.

Rivet setting capacity:

3.2mm, 4.0mm, 4.8mm and 6.4mm all materials.

ALL PRICES ARE GST EXCLUSIVE. A 10% GST APPLIES

ACCUBIRD

Rechargeable 12 Volt Battery Riveting Tool.

FEATURES

- Battery Operation - No compressed air
- Unrestricted movement - No hoses, electric leads
- Wide setting capacity - Up to 3/16" (4.8mm) rivets
- Heavy Duty, robust design - All industrial uses
- Long Battery life - Capacity shown below
- Quick recharge - 1 Hour
- Economical running - No air compressor
- Reduced hazards - No leads or hoses in use
- Steel carry case - Sturdy case to protect unit

Battery operated riveting tool with integral mandrel collection system. Sets all size rivets up to 3/16".

Long life battery, one hour recharge,

Comes complete with 12V battery, quick-charger, nosepieces and wrench, supplied in a steel carry case.
